

# NALOXONE SAVES LIVES

**naloxone reverses  
opioid overdose**

opioids = fentanyl,  
heroin, hydrocodone,  
and others at  
code below

**everyone is a  
first responder**

check out the training  
below, or talk to your  
provider  
or pharmacist

**Download these resources to learn more:**

**naloxone FAQs**

**information about  
fentanyl**

**co-prescribing  
for providers**

**Scan the QR codes above  
or visit [ihs.gov/opioids/](https://www.ihs.gov/opioids/)**
