VA Health Summary

(GMTS)

Installation Guide & Release Notes

Version 2.7
June 2004

Office of Information Technology (OIT)
Division of Information Resource Management
Albuquerque, New Mexico

Preface

This manual provides the site manager and the Area ISC the tools needed to install the various components of VA Health Summary (GMTS) v2.7. Included are release notes that should be shared with all users of the system and instructions for installing the package.

TABLE OF CONTENTS

1.0   Release Notes

The VA Health Summary package performs functions similar to that of the IHS Health Summary application. They do NOT share any files or routines. This version is being distributed so the CWAD function in TIU will work properly.

2.0 Installation Notes

Prefix: GMTS

Current Version: 2.7

> **Warning**: Read entire notes file prior to attempting any installation.

2.1 General Information

- Make a copy of this distribution for offline storage.

- Print all notes/readme files.

- It is recommended that the terminal output during the installation be captured using an auxport printer attached to the terminal at which you are performing the software installation. This will insure a printed audit trail if any problems should arise.

- The VA Health Summary package performs functions similar to that of the IHS Health Summary application. They do NOT share any files or routines. This version is being distributed so the CWAD function in TIU will work.
