RPMS Behavioral Health System
Version 4.0 Patch 9 Release Announcement
October 2017

The Indian Health Service Office of Information Technology and the Division of Behavioral Health announce the following application release:

- Behavioral Health System v4.0 Patch 9 (RPMS namespace: AMH) patch

- This version/patch is not needed for EHR certification and/or Meaningful Use (MU).

A release notice from the IHS Office of Information Technology has been sent to all RPMS site managers, and site managers are advised to notify users once the application has been installed. Complete details of the modifications included in this release are included in the official release notice.

Thank you to the South Dakota Urban Indian Health and Bemidji Area Office for their assistance in validating the content in this release.

Overview of Changes

1. Updated the application with the FY 2018 DSM-5 Code Update.

2. Corrected the reported special characters issue.

Install Notes:
- AMH v4.0 Patch 1 through 8 must be installed before installing this patch.
- AUM v18.0 must be installed prior to installing this patch.
