

TIPS TO PREVENT WILDFIRES

- Regularly maintain your equipment and vehicle.
- Keep sparks away from dry vegetation.
- Check conditions and regulations before you use fireworks or consider safe alternatives.

- Check weather and drought conditions.
- Build your campfire in an open location and far away from flammables.
- Douse your campfire when it's cold.

- Keep vehicles off dry grass.
- Cautiously burn debris and never when it's windy or restricted.
