

ACADEMIC DETAILING

EOP is Indian Health Service's Academic Detailing pilot program.

Academic Detailing has been used by the Veteran's Health Administration for almost 2 decades and is extensively studied in the literature

WHAT IS EOP

An in-person, interactive educational outreach intervention for healthcare practitioners designed to enhance clinical decision-making and improve patient care

EDUCATIONAL OUTREACH PROGRAM EOP

GOALS OF EOP

Close the gap between the best available evidence and actual clinical practice

CLINICIAN SUPPORT

Clinicians need high quality information that is:

- Relevant to clinical problems
- Focused on real world decisions
- Customized to their clinical setting

RESULTS

In 2018, the CDC listed Academic Detailing as an evidence-based strategy for preventing opioid overdose

1. Centers for Disease Control and Prevention. Evidence-Based Strategies for Preventing Opioid Overdose: What's Working in the United States. National Center for Injury Prevention and Control, Centers for Disease Control and Prevention, U.S. Department of Health and Human Services, 2018. Accessed September 30, 2019. from https://www.cdc.gov/drugoverdose/pdf/pubs/2018-evidence-based-strategies.pdf
